

KIRK Handset Z-3040

Creating wireless communities

In a wireless communication system the handset is what makes the difference for the user. The KIRK Z-3040 is designed to combine unique voice quality with ease of use and elegant design. The Handset is characterized by being small, lightweight and elegant.

The KIRK Z-3040 has a unique long list of features, and has been awarded the IF Design award 2001.

To optimize working with the KIRK Z-3040, KIRK telecom has developed the KIRK Docking Station.

The Docking Station is a desktop communication unit for hands-free operation and PC-integrated telephony functions.
